

INTERNSHIP – CHICAGO BIKEWAYS ENGINEER

Help Make Chicago The Most Bicycle Friendly City in the United States!

Chicago has consistently been ranked as one of the most bicycle friendly city in the U.S. Help make Chicago a greener and better bike friendly city! As a member of the Chicago Bicycle Program, you will help with the planning, design, and implementation of bike lanes that are comfortable for all Chicagoans. We promote bicycling as a convenient way to travel throughout Chicago. Job duties will be carried out at the Chicago Department of Transportation's downtown offices and in the field throughout Chicago.

STARTING SALARY: \$13.00/hour

TASKS: Conducting detailed field surveys to collect geometric, traffic, parking, and land use data; inspecting and identifying required upgrades to the existing bike lane network; conducting traffic counts and observations; assisting the bikeways team with other tasks as needed.

QUALIFICATIONS:

- Enrolled in an accredited engineering program
- Enthusiasm and initiative to improve bicycling conditions in Chicago
- Ability to work independently, efficiently, and cooperatively
- High attention to detail
- Comfortable, able, and willing to bicycle on Chicago streets throughout all regions of the city
- CADD experience a plus
- Access to a personal vehicle a plus
- No previous engineering experience necessary

HOURS & TERM: Tentative employment dates: May 16th to Aug 19th, 2016 (dates are flexible to coincide with start and end of college fall and spring semesters)

Full-time employment (40 hours per week).

INTERESTED? E-mail a resume with cover letter to Bradley Topol, managing consultant to the Chicago Department of Transportation, (bradley.topol@tylin.com) by 5:00pm, Friday, March 25th, 2016. Please use "**CDOT Internship - Eng**" as the subject line. We thank all applicants. Only applicants selected for interviews will be contacted.
